

INTEGRATED SOLAR STREET LIGHT

All - In - One Fixture

State of the Art technology,
INTEGRATED Solar Smart Street Light
in FRP Body with built-in PV Panel,
LED Lamp, Lithium Battery & Charge
Controller Driver. Ideal replacement for
conventional Street Lights.

Renewable | Reliable | Robust

INTEGRATED SOLAR STREET LIGHT

Application :

- Street Lightings
- Yards/Parks
- Farm House
- Boundary Wall
- Security Lighting
- Airport/Railways
- Chemical/Oil & Gas
- Coastal & Hilly Areas

- 📌 Delivers the best in class lumen efficacy and maximum light output with minimum wattage consumption.
- 📌 Economical and Environmental friendly, IP65, Rust & Dust Proof, Using Lithium Battery Ensures Zero maintenance and Long Life.
- 📌 Automatic Dusk to Dawn operation with Built in PIR Motion sensor which detects and automatically regulate the light output from full bright (100%) to the energy saving mode output (50%) after fix hours (4/5) to increase battery life and autonomy.
- 📌 Easy and instant installation with Universal Mounting bracket suitable for mounting on a wide variety/size of new/exiting pole/wall.
- 📌 Advantage of using FRP : **Customized colour theme option**, Light weight, high impact strength, Long life, Electrical and Thermal insulating, anti-magnetic/anti-static, no spark, corrosion resistant.

AVAILABLE MODEL :
SAILITE 09W/12W/16W/24W/32W/40W
